What Is UMP Plus?

UMP Plus is a medical plan option offered through two networks—Puget Sound High Value Network (PSHVN) and UW Medicine Accountable Care Network (UW Medicine). This plan covers the same benefits as UMP Classic but offers lower costs and additional services.

UMP Plus is available to PEBB-eligible employees, Leave Without Pay members, and non-Medicare retirees and COBRA members in select counties in Washington State (above). Like UMP Classic, UMP Plus will be administered by Regence BlueShield (for medical benefits) and Washington State Rx Services (for prescription drug benefits).

You pay less and get more with UMP Plus

Compared with UMP Classic, UMP Plus offers lower costs and more services and conveniences.

With UMP Plus, you'll pay less:

- ♦ Lower premiums.
- ♦ Lower medical deductible (additionally, subscribers who qualified for the \$125 SmartHealth wellness incentive for 2017 will have no medical deductible for themselves).
- ♦ No prescription drug deductible.
- ♦ No-cost primary care office visits.

And get more:

- ♦ A coordinated network of primary care, specialty, mental health, and chemical dependency providers committed to using the latest research-based medicine and best practices.
- ♦ A 24/7 nurse advice line.
- ♦ One centralized number for scheduling appointments within the network.
- ♦ Wellness and prevention programs.

What are the benefits of seeing UMP Plus network providers?

You can coordinate services through your primary care provider in the network, or, like UMP Classic, continue to self-refer for care. The choice is yours.

You can receive ancillary services from some providers outside of your UMP Plus network that are paid at the network level. Some examples are mental health providers and facilities, physical therapists, anesthesiologists, labs for diagnostic testing, skilled nursing care facilities, and urgent care facilities. For a complete list, see your network's *UMP Plus 2017 Certificate of Coverage* or go to www.hca.wa.gov/ump.
